AN ELECTRICAL PRACTICAL  
VOCATIONAL TRAINING

Vocational training offers practical and hands-on learning experiences in various trades and occupations, helping individuals gain specific skills required in industries such as healthcare, information technology, engineering, and hospitality.

Our vocational programs are designed to provide you with the practical knowledge and skills you need to enter the workforce quickly and successfully. We work closely with industry partners to ensure our train-

Trainee Services

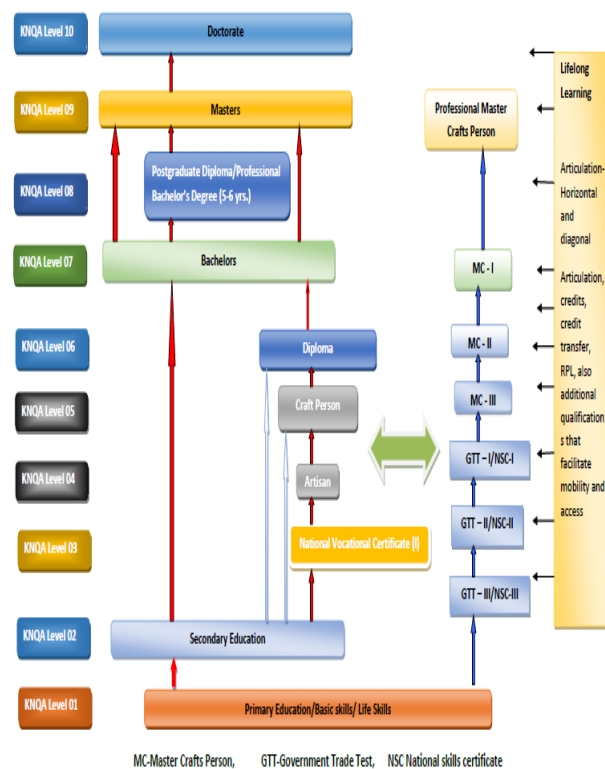

Our department offers comprehensive support to trainees throughout their educational journey by:

- ◆ Career Counseling: Guidance on career pathways, job market trends, and personal development.
- ◆ Financial Aid & Scholarships: Assistance with funding options, including government grants and scholarships for eligible trainees

ing programs align with current job

## EDUCATION AND TRAINING PROGRESSION PATHWAYS IN KENYA

## Welcome to the Department of Education and Vocational Training (DEVt)

**The Department of Education and Vocational Training is committed to providing high-quality educational opportunities and vocational training programs to equip individuals with the skills and knowledge they need for personal and professional success. We are dedicated to offering courses that are formulated at enhancing knowledgeable and skilled youths/adults that can create employment and be employed in the private and public sectors. Thus, fostering a skilled workforce and empowering trainees of all ages to pursue their career aspirations.**

Over the years since devolution the Vocational Training Centers in Bungoma County have witnessed growth in academic programmes, student enrolment, staffing, physical facilities, excellence in academics as well as in extra-curricular activities.

They continue to provide quality training as is embedded in our vision and mission statements which has led to the supply of TVET graduates who contribute to the economic growth of this country. To adequately prepare trainees for the dynamic labour market, all VTCs have established meaningful links with leading organizations and industrial partners, who provide relevant input in regard to the market/industry needs.

All VTCs in Bungoma County offers skill-based training which is in tandem with the goal of creation of employment and generation of wealth through Science Technology and Innovations. Our vision guides us towards our endeavor to make significant contribution towards Kenya in becoming a Newly Industrialized Country as per Vision 2030.

The Vocational Training Centres takes cognizance of the needs of future employers by giving the trainees hands-on
