FOREWORD

County Government Budget Implementation Review Report (CBIRR) for the Nine months of the Financial Year (FY) 2024/25 has been prepared in conformity with Article 228 (6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget (COB) to submit to Parliament a report on the implementation of the budgets of the National and County Governments every three months. The report also fulfils requirements of Section 39 (8) of the Public Finance Management (PFM) Act, 2012, which requires the COB to ensure members of the public access information on budget implementation of the National and County Governments.

This report presents the Bungoma county governments' budget performance from July to March 2025. It is based on an analysis of financial and non-financial performance submissions from the CDAs, and County Assembly to the County Treasury and financial reports generated from the Integrated Financial Management Information System (IFMIS). Some of the information contained in this report includes; approved budgets, budget financing, exchequer issues, actual expenditure and budget absorption rates of the County Governments during the reporting period.

Preparation of this report was made possible through the concerted efforts of staff from the CDAs and the Assembly, to whom I am highly grateful for their dedication. I urge all readers to constructively engage the county government on budget implementation matters to promote prudent use of public resources.

2.3 Funds Released to the County

2.3.1 Funds released from the Consolidated Fund to Bungoma County CRF.

Article 207 of the Constitution of Kenya provides for the establishment of a County Revenue Fund into which shall be paid all money raised or received by or on behalf of the County Government. As outlined under Section 109 of the Public Finance Management (PFM) Act, 2012 the County Treasury is responsible for administration of the County Revenue Fund. The County Revenue Fund is maintained as the County Exchequer Account at the Central Bank of Kenya.

In Nine months of the FY 2024/25, the Controller of Budget (COB) approved the transfer of Kshs. 7.3 billion as an equitable share of revenue raised nationally from the Consolidated Fund to the Bungoma County Revenue Funds (CRFs) per Article 206 (4) of the Constitution. The transferred amount represented 64 per cent of the approved equitable share of Kshs.11.5 billion as contained in the County Allocation of Revenue Act, 2024.

2.3.2 Funds Released to the County Operational Accounts

The withdrawal of funds from the County Revenue Fund is authorized by the County appropriation Act. The County Treasury is required to seek the Controller of Budget's approval for withdrawal of funds from the County Revenue Fund to the County Executive and County Assembly bank accounts. These entities are responsible for the administration of their respective approved budgets.

The COB authorized withdrawals of Kshs. 8.2 billion from the County Revenue Funds to County Operational Account comprising of Kshs.1.6 billion for development expenditure and Kshs. 6.1 billion for recurrent expenditure respectively. Chapter Six provides a detailed analysis of the funds released to each department. Expenditure on development programmes represented an absorption rate of 33 per cent, while recurrent expenditure represented 58 per cent of the annual recurrent expenditure budget.

3.1.12 Key Observations and Recommendations

The following are challenges which hampered effective budget implementation;

- Own-source revenue underperformed at Kshs.352.7 million against an annual target of Kshs.1.19 billion, representing 35 per cent of the yearly target.
- Low absorption of development funds which was at Kshs. 1.6 billion thus 33% of the target development allocation.
- High level of pending bills, which amounted to Kshs.2.5 billion as of 31 March 2025.

The County should implement the following recommendations to improve budget execution:

1. The County should develop and implement strategies to enhance its own-source revenue performance to ensure the approved budget is fully financed.
2. The County leadership should address the pending bills situation to ensure genuine bills are paid promptly in the remaining financial year.
3. The County should identify and address issues causing delays in implementing development programmes and projects.
